New Life Assistance Program

AMVETS Post 90 will assist its Annual members in good standing to save funds for a New Life membership by maintaining a reserve sub account for each participant in the VAF Checking Account.

These funds may not be used for any reason other than obtaining a New Life membership once the balance is equal to either a current New Life membership promotion of the active published rate. Starting a reserve fund does not lock in a New Life membership rate.

Funds will not be refunded should the Annual Member drop out of the AMVETS program. Funds will not be refunded for any other reason.

The member may take up to two years to achieve the amount needed. If the amount needed is not achieved within the two year period. The funds reserved for the member will be forfeited by the member and transferred to the General Checking Account.

The member may increase the mount in his reserve account at any time by giving an AMVETS Post 90 Officer cash or a check equal to or greater than \$20 for deposit into his or her account.

above. I also understand that once I enter the program no refunds will be given for any reason. As an annual member of AMVETS Post 90 I understand that I still must pay Annual dues until I achieve a New Life membership. I understand that the funds in the reserve account cannot be used to pay my Annual Dues. I am starting the program with a deposit of \$_____ (\$20 minimum)
